

SCANFLY v2 EOL

END OF LIFE ANNOUNCEMENT

Brescia, October 20th, 2023

Dear valued customers and resellers,

We announce the discontinuation of the Scanfly v2 LiDAR payloads (3DT-SF-v2-LITEXa; 3DT-SF-v2-XTa; 3DT-SF-V2-ULTRAXa) and all the related accessories, effective immediately.

This decision has been made as part of our ongoing commitment to delivering innovative solutions to our valued customers.

Support for existing units:

- Full support is granted to units under warranty.
- Limited stock of accessories for the Scanfly v2 series is available for existing customers who may need them. Contact our sales department for more information.
- Repairs for older units out of warranty can only be conducted while the supply of components lasts. Contact our support team if you require service for your existing units.

New products:

Scanfly mobile mapper lineup will now rely on the new v3 design of the Scanfly EVO and the Scanfly PRO. Scanfly The new Scanfly v3 series keeps the multipurpose philosophy with innovative features in a completely revised cable-free and tool-less design.

Scanfly mobile mapper lineup will now rely on the new v3 design of the Scanfly EVO and the Scanfly PRO. They keep the multipurpose philosophy and confirm the renowned ease-of-use and reliability of the Scanfly series featuring brand new cable-free, tool-less accessories. Scanfly PRO is designed for even better performances in challenging GNSS conditions.

Should you have any comments or questions, please don't hesitate to contact us at sales@3dtarget.it.

Sincerely,

Mauro Contrafatto
